

SL140+

4G BOX

Description

SL140+ is a 4G box provide an automatic 4G or 3G/2G broadband backup connection with download speeds of up to 150 Mbps. It is plug and play and has no control panel.

SL140+ supports connection with an ETH RJ45 LAN Port.

Specifications

Hardware Specification	LTE Chipset: Qualcomm
LTE Standard	3GPP Release 11
Power	Wall adapter 12v/1A
USIM	1.8V/3V 2FF
LTE Specification	Category: 4 (150Mbps Downlink, 50Mbps Uplink) Antenna: 3dBi Internal – 2x2 MIMO
Physical Ports	1*ETH RJ45 LAN Port 10/100 Auto-Sensing 1*SIM Card Holder
IP Index – Dual Stack	IPV4/IPV6
Operation Mode	Modem – Plug & Play – No Control Panel
Working Frequency	LTE FDD: B1/3/7/8/20 WCDMA: B1/B8 GSM: 900/1800MHz
Power Consumption	<8W
Case	ABS Material, Plastic case
Physical Features	120*113*45 mm
